**Description:**

The Improvements under this Site-Specific Lump Sum Contract consist of cutting and trimming of trees and underbrush for creating a corridor within the right of way along various state roads within Holmes and Walton Counties, as shown in the Appendices. The purpose of this work is for clear zone maintenance and address site distance for signage and safety issues, including behind guardrail sections. The height of the cut shall be a minimum of twenty (20) feet measured vertically from the white edge line. The trim line shall be the right of way line or thirty (30) feet from the white edge line, whichever is less.
