Our Purpose

Provides MPOs an opportunity to share **local priorities** for advancing **intercity passenger rail** projects

Recent Events

**PRPP will amplify
MPO-led planning
efforts as FDOT
pursues Federal
funding
opportunities**

FDOT Efforts to Date

- December 2022**
Florida System Rail Plan
- January 2023**
FDOT Passenger Rail
Corridor Assessment
- March 2023**
FDOT submits Tier 1
Corridors to FRA
- November 2023**
FRA has yet to announce
Corridor ID Selections

What Funding Sources are Available?

Florida Rail Enterprise - \$60 million in annual state funds to support operations, maintenance, and rail systems planning.

Federal Railroad Administration – oversees federal discretionary grant programs to fund corridor development, service plans, and capital projects.

Amtrak – receives federally appropriated funds administered annually by FRA to support capital projects, maintenance activities, debt service payments, and operating expenses on the national network.

Process Overview

Identify Projects

Must meet eligibility requirements

Submit Projects

MPOs can complete Word-based applications

Provide Support

Follow-ups with MPO submittals

Create Project List

Project list presented to the MPOAC for approval

Project Types

Enhance Existing Services

Restore Former Services

Develop New Services

Project Eligibility

Documented in an Existing Transportation Plan or Study

Connects at least two major metropolitan areas

Has Support from Railroad Owners & Operators

Includes Total Project Cost and Funding Request

Identifies Operations & Maintenance Financial Support

Roles & Responsibilities

Participants and Contributions

MPOAC

- Program sponsor & guides program
- Approves Project List
- Transmits List to FDOT
- Initiates project changes

MPOs

- Members of the MPOAC and FRC
- Submit project applications
- Use the List to advocate for projects
- Provide program feedback

PASSENGER RAIL PRIORITIES PROGRAM

powered by the Hillsborough TPO

Consultant Team

- Develops & administers program
- Provides training
- Reviews applications
- Creates Project List
- Implements program changes

FDOT

- Supports MPO applications
- Considers List when prioritizing projects and making funding decisions
- Provides program feedback

Application Demonstration

General Project Information

- Contact Information
- Describe the project, its purpose and need
- Define its location
- Total project costs (estimates) and request
- Other MPO coordination

PASSENGER RAIL PRIORITIES PROGRAM PROJECT SUBMISSION FORM

GENERAL PROJECT INFORMATION	
Project Name:	
Project Sponsor:	
Sponsoring MPO:	
FDOT Coordinator:	
Project Description:	
Purpose and Need Statement:	
Project Type (Select One):	Choose an item.
Passenger Rail Service Type (Select One):	Choose an item.
Define the Project Limits (e.g., area, corridor, grade crossing, milepost, etc.):	
List the Counties involved in the Project:	
Provide a Map showing the location of the Project (URL/Link):	
Total Estimated Project Costs:	
Total Estimated Unfunded Costs:	
Total Requested Amount:	
List any other MPOs involved in the Project:	

Application Demonstration

General Project Information

- Private partners in support of the project
- Was the project previously identified?
- Is the project a plan or study?
- Is the project on an FDOT-identified corridor?
- Was the project a part of any previous Federal Grant applications?

GENERAL PROJECT INFORMATION	
List any Private Partners (e.g., railroads, private companies, public authorities involved in transportation, other municipal jurisdictions, etc.) involved in the Project:	
Is this Project identified in an Existing Transportation Plan or Study? (Choose all that apply)	☐ FDOT State Rail Plan ☐ FDOT SIS Plan ☐ MPO Transportation Plan ☐ Amtrak Plan/Study ☐ Transit Development Plan ☐ Other Transportation Plan/Study ☐ No, Requesting Funds for a Plan/Study
Is the Project Related to an Existing State Rail Plan Corridor (Choose all that apply)	☐ Miami – Orlando ☐ Orlando – Tampa ☐ Miami – Tampa ☐ Jacksonville – Orlando ☐ Jacksonville – Miami ☐ Jacksonville – Mobile – New Orleans ☐ Jacksonville – Macon – Atlanta ☐ Amtrak Long-Distance (Silver Meteor) ☐ Amtrak Long-Distance (Silver Star) ☐ Amtrak Long-Distance (Auto Train) ☐ Orlando – Gainesville ☐ Miami – Naples – Tampa ☐ Undefined, Potential New Corridor
List any previous Federal Grant Applications submitted on behalf of this Project:	

Application Demonstration

Project Screening

- Select applicable eligibility criteria
- Identify project elements
- Provide links to previous plans or studies
- Secure public support
- Are there eligible sources of funds?
- Is there a sponsor for operations and maintenance?

PROJECT SCREENING		
Eligibility Criteria: (Select all that apply)	☐ Documented in an Existing Transportation Plan or Study ☐ Connects at least two Major Metropolitan Areas ☐ Has Support from Railroad Owners and Operators ☐ Includes Total Project Cost and Funding Request ☐ Identifies Operations & Maintenance Financial Support	
Project Elements (Select all that apply based on Project Type):		
<u>Enhance Former Services</u> ☐ Accessibility ☐ Connectivity ☐ Efficiency ☐ Frequency ☐ Reliability ☐ Safety ☐ Technology	<u>Restore Former Services</u> ☐ Passenger Service on a current Freight Line ☐ Discontinued Amtrak Service ☐ Former Railroad ROW for Passenger Operations ☐ Reopen a Station	<u>Develop New Services</u> ☐ Corridor ☐ Station ☐ Rolling Stock ☐ Safety Improvements
Upload a Link to any previous Plans or Studies that identify the Project (URL/Link):		
Upload Letters of Support for the Project (URL/Link):		
Identify Potential Applicable Funding Sources (Select all that apply):	☐ Federal ☐ State ☐ Local ☐ Public Financing ☐ Private Funds ☐ Private Financing	
Does the Project have a Financial Sponsor committed to Operations & Maintenance?		Choose an item.
Define the Action Requesting Financial Support:	☐ Construction for Safety Improvement ☐ Construction for New Track/Restored Track	

Application Demonstration

Project Screening

- What is the requested action?
- How does the project relate to State Rail Plan goals?
- Provide a brief statement relating the project to the goals of the State Rail Plan

PROJECT SCREENING	
	☐ Construction for New Station/Existing Station Improvements ☐ Passenger Rail Corridor Feasibility Study ☐ Passenger Rail Service Plan ☐ PD&E ☐ PE ☐ ROW Acquisition ☐ Rolling Stock Acquisition ☐ Scope of Work ☐ Other (Describe):
Identify the Florida State Rail Plans goal(s) supported by the Project: (Select all that apply)	☐ Safety and Security for all Residents, Visitors, and Businesses ☐ Agile, Resilient, and Quality Transportation Infrastructure ☐ Connected, Efficient, and Reliable Mobility for People and Freight ☐ Transportation Choices that Improve Accessibility and Equity ☐ Transportation Solutions that Strengthen Florida's Economy ☐ Transportation Systems that Enhance Florida's Communities ☐ Transportation Solutions that Enhance Florida's Environment
Provide a Brief Statement explaining how the Project supports the State Rail Plan goal(s):
