PERFORMANCE-DRIVEN, OUTCOME-BASED APPROACH TO PLANNING: 450.306(a) The MPO, in cooperation with the State and public transportation operators, shall develop LRTIPs and TIPs through a performance-driven, outcome-based approach to planning for metropolitan areas of the State.	INTEGRATE ASSET MGMT PLAN: 450.306(d)(4)(i) An MPO shall integrate in the metropolitan transportation planning process directly or by reference, the goals, objectives, performance measures, and targets described in the State asset mgmt plan for the MFS.	No TIP Non-Performance Planning Changes (12 Month Conformity Lapse Grace Period Implemented - N/A for FL) or Changes Covered by Underlying Processes
PLANNING FACTORS: 450.306(b) The planning process will address the following factors: ... (9) Improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation; (10) Enhance travel and tourism; (c) Consideration of the planning factors in paragraph (b) of this section shall be reflected, as appropriate, in the metropolitan transportation planning process. The degree of consideration and analysis of the factors should be based on the scale and complexity of many issues, including transportation system development, land use, employment, economic development, human and natural environment (including Section 401) properties as defined in 23 CFR 774.17, and housing and community development.	INTEGRATE FREIGHT PLAN: 450.306(d)(4)(vi) An MPO shall integrate in the metropolitan transportation planning process directly or by reference, the appropriate (metropolitan) portions of the goals, objectives, performance measures, and targets described in the State Freight Plan.	DESIGNED TO ACHIEVE TARGETS: 450.326(c) Designed such that once implemented, it makes progress toward achieving the performance targets.
